

## LHASA APSO CLUB OF SCOTLAND

### Judge **Stuart Keay**

I would like to take this opportunity to thank the officers and committee for the invitation to judge this their 10th Championship show and their kind hospitality. It was a great honour to be asked to judge. In general the quality of the dogs was good, however I did find a few with upright shoulders and some with front feet splayed in what I call ten to two. Dentition was pretty good with a couple of undershot bites. And one or two although having full dentition, teeth on the jaw being slightly jumbled.

**MPD** (5,1) 1 Horne's Chanceinn's Bonkerz. 7mths. Dark gold with black overlay. Nicely proportioned boy. Good head and dentition. Very nice expression and good dark eye. Nice straight front and good lay of shoulder. Nice arch of neck and level topline which he kept on the move. Nicely ribbed up for such a youngster. Good tail set and nice rear angulation. Move very well. I will watch this boys future career. **BPD.** & **BPIS.** 2 Andersson-Hamill's Tantra's Alexander. 7 mths. Black and White. Another very nice boy of a nice size.
